

STUDY GUIDE

INTRODUCTION TO CARPENTRY STUDY GUIDES

General Shop Safety

1. **Wear safety goggles or safety glasses.**
2. **No loose clothing.**
3. **All hair tied back: both out of face and away from machinery.**
4. **Do not cut small pieces of wood.**
5. **Use guards.**
6. **Do not pick small pieces of wood away from any running blade.**
7. **Keep the lumber supported on the table.**
8. **Turn off the power before leaving.**
9. **No "horse play" or experimenting on any machines. Any student caught fooling around with any machine will be denied use of that machine. No exceptions.**
10. **Each person turns on his or her own machine. All other students stand clear.**
